

19 - Landscape Lighting Products

Glasslite landscape lighting products are designed and manufactured in Australia.

All are high quality products by nature of design, materials and manufacturing methods.

Applications:

- Surface Mount Wall lights.
- Spotlights - Surface & Stake Mount.
- Recessed Deck and Wall lights.
- Bollards.
- Illuminated Pool Garden Fencing and Balustrades.

Note: They can be supplied as finished product or as components to OEM manufacturers.

• Benefits for OEM manufacturers purchasing components only:

- A wide product range can be accessed at an affordable price.
- No large investment in development costs, high-tech manufacturing equipment and associated skilled labour.
- Many key components are common to different models which results in reduced stockholdings.
- The only customer labour costs are for assembly, wiring/testing and packing.

• Features:

- **Inhouse Hi-tech CNC Machining.**
- **Manufacturing Standards:**
High precision and surface finishes.
- **Corrosion Resistance:**
All metal components are manufactured from 316 Grade Stainless Steel or aluminium with a durable double 20-25 micron anodised finish.

- **Glass Options:**
Stepped toughened Extra-white - Borosilicate cylinders - Dichroic colour filters.
- **Weatherproof:**
All silicon heat resistant seals to achieve long life superior IP ratings.
- **Multiple Lamp Options:**
Low voltage - LED - compact fluorescent.
- **Replacement Components:**
Available for all products.

Landscape Lighting Products

Wall Mount - Downlight

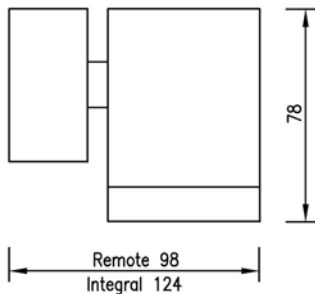

GL 100 SERIES

316 Stainless Steel - to specify/SS

Aluminium with Double Anodised
20-25 micron finish - to specify/AA

Transformer - Remote or Integral.

Lamps - 1 x 20W MAX - MR16
- LED options.

Wall/Ceiling Mount - Spotlight (adjustable)

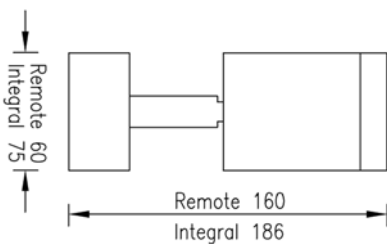

GL 101 SERIES

316 Stainless Steel - to specify/SS

Aluminium with Double Anodised
20-25 micron finish - to specify/AA

Transformer - Remote or Integral.

Lamps - 1 x 20W MAX - MR16
- LED options.

Landscape Lighting Products

Spike Mount - Spotlight (adjustable)

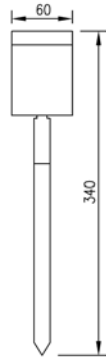

GL 102 SERIES

316 Stainless Steel - to specify/SS

Aluminium with Double Anodised
20-25 micron finish - to specify/AA

Transformer - Remote.

Lamps - 1 x 20W MAX - MR16
- LED options.

Wall Mount - Up/Down Light

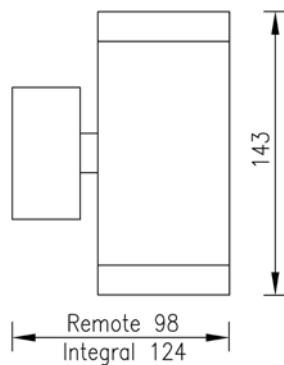

GL 103 SERIES

316 Stainless Steel - to specify/SS

Aluminium with Double Anodised
20-25 micron finish - to specify/AA

Transformer - Remote or Integral.

Lamps - 2 x 20W MAX - MR16
- LED options.

Landscape Lighting Products

Wall Mount - Single Cylinder Light

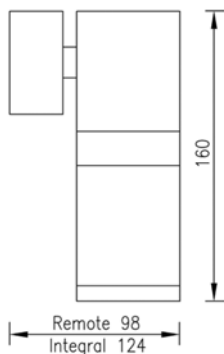

GL 104 SERIES

316 Stainless Steel - to specify/SS

**Aluminium with Double Anodised
20-25 micron finish** - to specify/AA

Transformer - Remote or Integral.

Lamps - 1 x 20W MAX - QT/G4
- LED options.

Wall Mount - Twin Cylinder Light

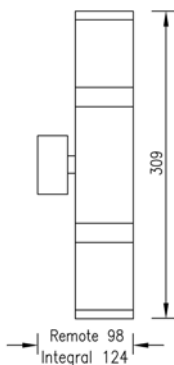

GL 105 SERIES

316 Stainless Steel - to specify/SS

**Aluminium with Double Anodised
20-25 micron finish** - to specify/AA

Transformer - Remote or Integral.

Lamps - 2 x 20W MAX - QT/G4
- LED options.

Landscape Lighting Products

Mini Bollard Light

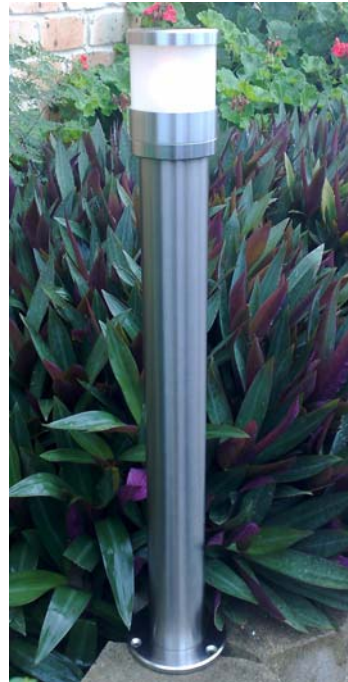

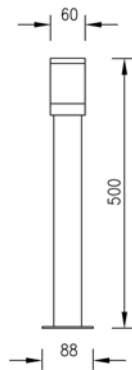

GL 106 SERIES - Height 500mm

316 Stainless Steel - to specify/SS

**Aluminium with Double Anodised
20-25 Micron finish** - to specify/AA

Transformer - Remote.

Lamp - 1 x 20W MAX - QT/G4
- LED options

Mini Bollard Light

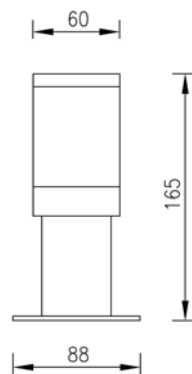

GL 107 SERIES - Height 165mm

316 Stainless Steel - to specify/SS

**Aluminium with Double Anodised
20-25 Micron finish** - to specify/AA

Transformer - Remote.

Lamp - 1 x 20W MAX - QT/G4
- LED options

Note: GL104 - GL105 - GL106 - GL107 Series
choice of two cap options:
Glass Top - to specify/GT
Solid Metal Top - to specify/MT.

Landscape Lighting Products

Wall Light

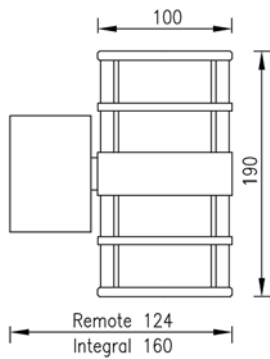

GL 108 SERIES

316 Stainless Steel - to specify/SS

Aluminium with Double Anodised 20-25 micron finish - to specify/AA

Transformer - Remote or Integral.

Lamps - 2 x 20W MAX - QT/G4
- LED options.

Bollard Light

GL 109 SERIES

316 Stainless Steel - to specify/SS

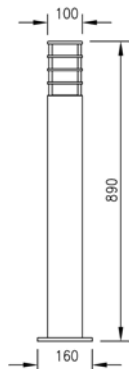

Aluminium with Double Anodised 20-25 Micron finish - to specify/AA

Lamp - 1 x 26W PLC
- LED options

Note:

For base plate mounts to specify /BP.

For inground mounts to specify /IG.

Landscape Lighting Products

Recessed Deck/Wall Mount Lights

Flush Mount

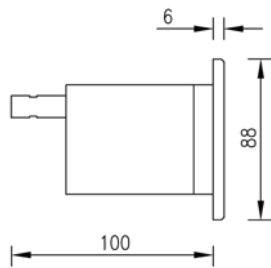

GL 110 SERIES

316 Stainless Steel - to specify/SS

Aluminium with Double Anodised
20-25 micron finish - to specify/AA

Transformer - Remote.

Lamps - 1 x 20W MAX - MR16
- LED options.

Eyelid

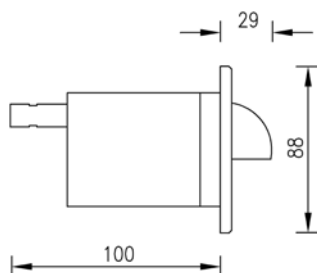

GL 111 SERIES

316 Stainless Steel - to specify/SS

Aluminium with Double Anodised
20-25 micron finish - to specify/AA

Transformer - Remote.

Lamps - 1 x 20W MAX - MR16
- LED options.

Landscape Lighting Products

Integrated Lighting for Pool/Garden Fencing & Balustrades

Post Top Mounts

GL 112 SERIES

316 Stainless Steel - to specify/SS

Transformer - Remote.

Lamps - 1 x 10W MAX - QT/G4

- LED options.

Balustrade Mounts

GL 113 SERIES

316 Stainless Steel - to specify/SS

Transformer - Remote.

Lamps - 1 x 10W MAX - QT/G4

- LED options.

LED Handrail Modules

GL 114 SERIES

Powered Handrail Stick
420mm (5 Watt)

Powered Handrail Stick
700mm (10 Watt)

Note:

316 Stainless Steel handrail -
48mm dia - 2.8mm wall thickness.
